Although we are on home assignment in the US, we have great things to report from the ministry at Foyes Shama. How exciting to see God continue his work, even when we are gone!

Felix, the young man Bo left in charge of the garage and mechanic training program, has stepped up to the plate and taken his role seriously. As he works through this new semester of teaching, we see evidence of his maturity, faith, and joy in filling Bo's place. Felix tells us there are 6 new students and 1 returning student: this is a huge answer to prayer!!!

Ask God to give these men (pictured) open hearts to hear about Jesus. Pray that they would ponder the truth that is shared with them, and come to a saving knowledge of Jesus Christ. Please pray for Felix as well: that God will guide and grow him in Bo's absence.

Our support needs have changed!

In order to continue bringing the Gospel to Muslims in Senegal, we need to raise \$2,775 per month by summer.

Here's what those funds will pay for:

*Increased expenses of running Foyer Sharma, our mechanic training program .

* Language lessons for Bo in Wolof, so he can effectively communicate with the Muslim men he trains.

* Increased medical fees

* Increased taxes

* A recent drop in our support

We know God is aware of all these needs and we will trust Him to meet them.
